Section 1 Operating Record

About this section

How do I complete this section?

You should fill out this section to record:

- When
 - operating dates
 - the TOTAL number of Plant operating hours (Hours)
 - the total plant operating hours to date (Total to date)
(each category and endorsement to be accumulated independently)
- What
 - the category of plant or equipment you used
 - the type of plant or equipment you used refer to the list in Section 3 for the Category and Endorsement codes
- Where
 - location of where you operated

Record the start and end date of the work completed. Daily, weekly or monthly entries are recommended, however, if you're operating the same machine in the same location over a period of time only one entry should be made, although it is recommended that this is limited to a period of not more than three months.

Please use the dividing tabs provided to separate the categories to make this process easier.

Who can endorse the operating record?

Each entry must be endorsed by someone who can confirm your operating experience on that machine or equipment.

They must provide THEIR full contact details.

The endorser must be in a minimum of a supervisory role.

You must not self-endorse (rare exceptions apply).

What does operating hours mean?

"Operating hours" means when you used the machine or equipment for work. This does not include downtime, for example, when driving to and from the site or meal breaks.

Section 1 Operating Record

Endorsement Declaration

I can confirm that the user of this Logbook is experienced in the following activities for which I have endorsed their work experience.

- 1 Preparing the machine or equipment for work, as per manufacturer's requirements
- 2 Transporting/manoeuvring the machine to the workplace in a safe manner (mobile plant only)
- 3 Setting the machine/equipment for work, as per manufacturer's and industrial requirements
- 4 Operating/using the machine or equipment, as per manufacturer's and industrial requirements
- 5 Carrying out work in a safe and efficient manner
- 6 Working to given instructions, dimensions and tolerances
- 7 Conforming to legislation, requirements and company regulations
- 8 Shutting down, securing and leaving the machine or equipment in a safe situation
- 9 Maintaining appropriate company records i.e. vehicle check forms, etc.

Appointed Person/Crane Supervisor Only

- 10 Planning or supervising lifting operations in accordance with regulations and official guidance
- 11 Constructing or following risk assessments, method statements and lift plans

Note: Appointed Persons/Crane Supervisors can record the type of lifts they have planned or supervised. Alternatively, you may complete the Renewal Competence Assessment which is available to download from the website.

Section 3 Employment Record

About this section

The purpose of this section is to capture a record of current employment, or any previous employment over the last few years.

This information could be useful to a new employer if you change your job.

How do I complete this section?

You should fill out this section to record the details about your employment including:

- When - start and finish dates
- What - the sectors of industry you worked in (nature of business) and your duties
- Where - the address where the employer is based

You should fill in this section on leaving an employer.

Who can endorse the operating record?

Each entry must be endorsed by the employer to confirm that you have worked for them as stated. They must provide full contact details.
